As a user-centric and analytical UX designer with over 10 years of experience, I am passionate about crafting digital experiences that are intuitive, engaging and impactful. I excel in collaborating with product managers, developers and stakeholders to deliver designs that align with business goals and elevate user satisfaction. With a strong background in data-driven design, I am committed to employing research and analytics to create solutions to enrich the user's interaction with the platform.

SKILLS

- User Research and Usability Testing
- Proficiency in design tools like Sketch, Figma and Adobe XD
- Wireframing and Prototyping
- Interaction Design and Information Architecture
- Visual Design and UI Development
- Project Management and Agile Methodologies
- Cross-functional Collaboration and Team Leadership
